REGENCY AFFILIATES ANNOUNCES QUARTERLY DIVIDEND

Second Quarter Dividend Reflects Continued Strong Performance

New York, NY – June 6, 2019 ---- Regency Affiliates, Inc. (OTC Pink: RAFI) (“Regency”) today announced that it will pay a quarterly dividend of 6.40 cents per common share on July 8, 2019 to shareholders of record at the close of trading on June 28, 2019.

Management Comments

“We are pleased to declare a quarterly dividend of 6.40 cents per common share consistent with the level of quarterly dividend established in September 2018,” commented Laurence Levy, Chairman and Chief Executive of Regency. “We continue to be comfortable with this dividend level particularly as we benefit from the cash flows being generated by our investment in Mobile Energy, our ongoing distributions from Security West and our ownership of the portfolio of self-storage assets in and around Harrisburg, Pennsylvania.”

“Our Security West investment represents a 50% limited partnership interest in real estate pursuant to a lease with the United States General Services Administration expiring in October 2028. The lease commenced on November 1, 2018 with an initial annual rental payment of approximately \$11.75MM per annum. At any time on or after November 1, 2021, the GSA may partially terminate the lease and vacate up to 266,353 square feet by providing 12 months written notice. On or after November 1, 2023, the GSA may terminate the entire lease upon 24 months written notice. A new \$30MM mortgage loan was entered into in order to refinance existing indebtedness as well as to finance \$17MM of capital improvements and reserves. The balance of the mortgage loan proceeds were distributed to the Security West partners, including a distribution to Regency of over \$1.2MM. The new mortgage balance will be amortized down to a balance of \$10MM over the first five years of the lease.”

“Regency also owns an indirect 50% interest in Mobile Energy which owns and operated an energy facility located in Mobile, Alabama. The facility supplied co-generated steam and electricity for use in Kimberly-Clark's mill operations under a 15-year agreement signed in 2004 which terminated at the end of April 2019. We anticipate incremental distributions in the amount of approximately \$1.75MM to be paid out to Regency in the next few months as the operations are liquidated. There are no residual liabilities attributable to Regency due to Mobile Energy's liquidation”

“Regency owns five stand-alone self-storage facilities in the Harrisburg, Pennsylvania vicinity acquired for a total purchase price of \$35MM of which \$25.3MM was financed via a non-recourse ten-year debt financing, with a four-year interest only period ending in 2020 and thereafter a thirty-year amortization schedule. The facilities were purchased via a joint venture with SSCP Management LLC (“SSCP”). Pursuant to the terms of the joint venture, Regency earns a 7.5% per annum preferred distribution on its \$11.2MM capital contribution. Surplus cash flow after the preferred distribution is allocated 80% to Regency and 20% to SSCP. Regency expects to receive its twelfth distribution from the joint venture in the second quarter of 2019 in the amount of \$210,576 reflecting the 7.5% per annum preferred distribution driven by the ongoing operating performance of the investment. We remain pleased with the continued strong improvement in occupancy and related cash flows at our self-storage facilities.”

“We are continuing to review and evaluate further investment opportunities for Regency and intend to grow the company by acquiring or otherwise investing in other attractive long-term businesses that meet our investment characteristics and valuation criteria.”

In order to facilitate efficient processing of the dividend, management strongly suggests all shareholders with shares held in certificate form contact our transfer agent, Transfer Online, Inc. at (503) 227-2950 and confirm that the registration information is correct.
